YOUR STORY OF 2018-2019

Cool Schools Dunk

End-of -Year Celebration

Lunch Outside

Husky Backpack

Husky Coffee Cup

Kickball Tournament

7th Grade Tour

Dear NHS:

This year started differently than the year before. On the first day of school, you were greeted by the teachers and staff cheering you on. This school year also began with many new staff members. Husky backpacks were handed out on day one. As the year went by, you may have noticed other changes. The rule on drinks in class became less strict. Coffee or hot chocolate could be brought to class in the school-approved tumbler. During the winter, 110 staff and students participate in the Cool Schools Dunk at Deep Creek Lake for the first time. Additional changes came with the installation of five televisions in the cafeteria for lunchtime. Opportunities to enjoy lunch outside were also available. In April, the school agreed on a countywide policy permitting cell phone use during non-instructional time. The Work Ethic Diploma program was implemented. Inevitably the next school year will bring about even more changes. The yearbook staff **truly** hopes you enjoy looking back as you look forward to another year,

Your Teacher of the Year

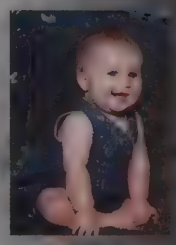
"Marry someone who can cook. Looks go away, hunger does not."

What are your future plans? I plan to go to college, get married, and have kids.

I will always remember playing all my sports and memories with my teammates.

Bridget Rae Weimer



"Perserverance, it's hard to beat a person who never gives up!!" - Babe Ruth

What are your future plans? After high school I plan to start a career in the nursing/medical field while completing medical school.

I will always remember the day we got out of school early, not for snow but for flooding.

Mikayla Ann Wilt

"Life doesn't require that we be the best, only that we try our best." - H. Jackson Brown, Jr.

What are your future plans? To graduate college and become a chiropractor.

I will always remember going to JCLC and rappelling for the first time. I was terrified and crying but SGM talked me through it.

Ryan Austin Wilt

"Life's a garden, dig it." - Joe Dirt

What are your future plans? Be a mechanic or weld.

I will always remember counting down the minutes until 3:15.

Jillian Nicole Wood

"Never stop smiling."

What are your future plans? I plan to attend college, get a job that I love, and live a lavish life with a grand piano in all of my houses.

I will always remember the tea squad and that one time with Emily...

Travis Wade Yoder

Gavin James Yutzy

"I have flaws. What are they? I sing in the shower. Sometimes I spend too much time volunteering." - Michael Scott

What are your future plans? My future plans are to go to college and study accounting.

I will always remember playing all of those Friday nights with my brothers.

Shawn William Zimmerman

"I'd rather be a musician than a rockstar." - George Harrison

What are your future plans? My future plans are to become a famous musician.

Yours truly,
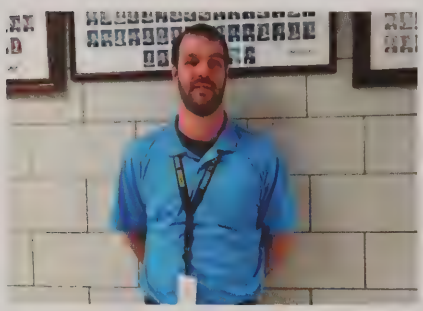
THE NHS STAFF

Yours truly,

Mr. Maddy
Principal

Mr. Beachy
Special Education



I am a graduate from FSU where I received a Bachelor degree in Physical Education and Health and a Masters in Special Education. While attending FSU, I played baseball there and have coached there for 4 years. I am a Special Education teacher here at NHS and part of the baseball coaching staff.

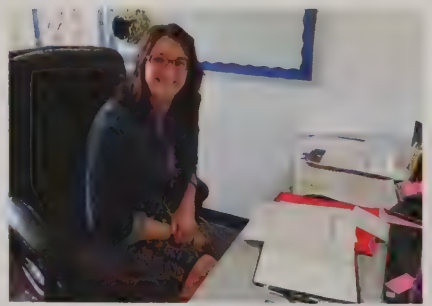
Mr. Callis
English

"An investment in knowledge pays the best interest."- Benjamin Franklin

Mrs. Hoover
Vision Teacher

My job is much different from the jobs of other teachers at NHS. You might occasionally see me walking through the halls, but I am not a classroom teacher. My job is to teach the Expanded Core Curriculum and provide support to students across the county that have a visual impairment.

Mrs. Hutcheson
Guidance
Counselor



I love working at Northern High School! Having a technical center built into the school is every counselor's dream and to see our students thrive while doing something they enjoy makes my job even more fulfilling.

THE NEW NHS STAFF

Ms. Love
Mathematics

I graduated from West Virginia University with my Bachelors in Industrial Engineering and California University with my Masters in Education. My content area is Mathematics 7-12. I really enjoy teaching at Northern High School. The students are exceptional, the staff is welcoming and the location is beautiful.

Mrs. Miller
Physical Education/ Health

After teaching math for 17 years, I moved to the physical aspect of teaching math. PE is a way of applying math abilities. Students must use algebra and geometry in every sport played. They are just not writing the answers for me anymore; they are showing me they can apply math skills kinesthetically.

"You don't stop playing because you grow old; you grow old because you stop playing!!!" - George Bernard Shaw

Mr. Miller
Custodian

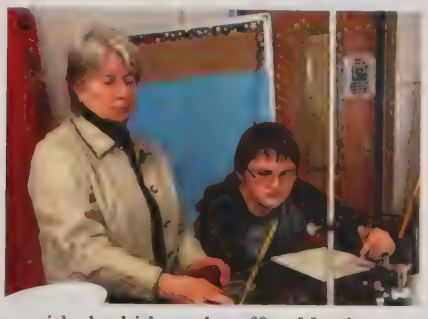
I am currently working the 3rd shift here at Northern as a custodian. I have been employed with Garrett County Public Schools for 13 1/2 years as a custodian. I graduated from Northern High in 1998.

Mr. Nazelrod
Science

After getting my Bachelor of Science, I continued my education at Frostburg State University. I completed my Master of Arts in Teaching and will continue to teach science here next year.

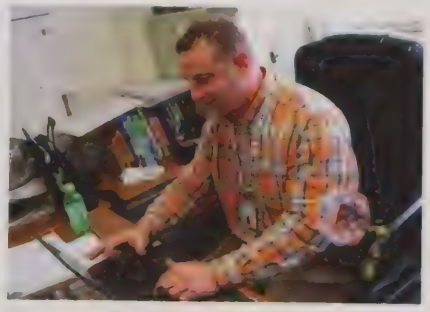
"He who says he can and he who says he can't are both usually right." - Confucius

Mrs. Pitman
Special Education Assistant



I am glad to be back working with the kids and staff at Northern High School again. I left for seven years to help raise grandkids and then to care for my mom. I hope to be working with everyone for many more years.

Mr. Rizzo
Special Education



I have really enjoyed my first year at Northern Garrett High School. The students have all been awesome to work with and the staff has been fantastic.

What is your favorite thing about English class?
"What I like most about English class is on Friday we read our books that he [Mr. Hinebaugh] gave us."
How is your high school English class different than your previous middle school English class?
"We do a lot of brain games, but in middle school we didn't."
- George Taylor (9)

What is your funniest memory in English class?
"My funniest moment in English class would be the class purposely wasting time when the "helpers" in class teach."
What English subject do you like to learn about the most?
"The best topic would be most of the class reading independent books."
- Hunter Evans (11)

Reluctantly Researching

Ms. Theriot's English III class is hard at work researching information for their upcoming essay.

"The more that you read, the more things you will know. The more that you learn, the more places you'll go." - Dr. Seuss

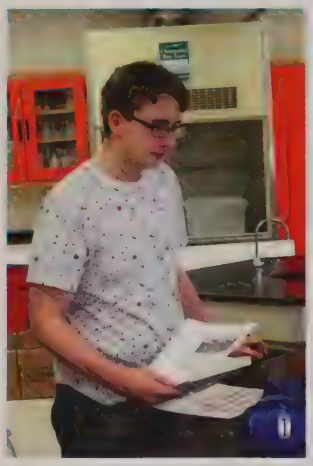
SCIENCE

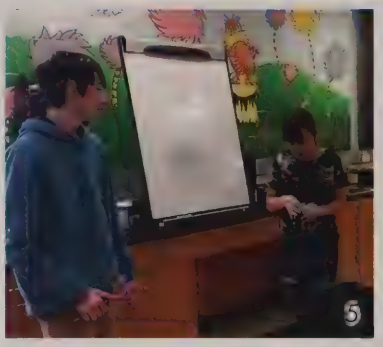


1. In Mrs. Glass's 3rd period class, Lewis Friend (10) tries to find his lion pride by using DNA matching with others.

2. A component of Fundamentals of Physical Science (FoPS) is for students to visit Hickory Environmental Education Center. Tiffany Opel (9) and Aubree Raley (9) help one another in a group activity to build a machine.

3. Madagascar hissing cockroaches love the dark. Caitlyn Gilpin (11), Megan Lindsey (11), Kaitlyn Humphrey (11), and Lauren Jacobs (11) try to lure the cockroaches from the dark with food.

4. AP Environmental Science students along with Danielle Miller (11), Mr. Beachy, and members of the Mountain Laurel Garden Club repair the Timothy Umbel Environmental Education Trail sign and rebuild the garden surrounding it. They planted perennials "that will look beautiful for years to come". -Mrs. Kenyon-Sisler



5. Advanced Placement Biology students have fun blowing bubbles and trying to keep them afloat. Ian White (11) and Mackenzie Weimer (11) learn about survivorship curves and how different tactics can provide more survivors and longer lifespans with this analogy.

6. At Heinz Field on March 30th, freshmen Rylie O'Neal, Tabitha Carr, Sophia Maust, Sara Huelskamp, Alicia Minnick, Makenna Holliday, and Kylea Beitzel (shown in the back row) take part in the 2019 Pittsburgh Regional Science and Engineering Fair where Makenna Holliday won a ten thousand dollar scholarship to Mount Aloysius College.

7. The third group of students to graduate in the Project Lead the Way Biomedical Science pathway receive their white coats in the White Coat Ceremony on May 20th.

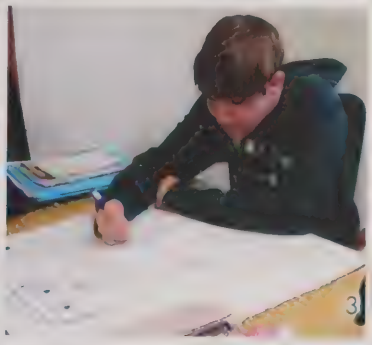
SOCIAL STUDIES



1. 30 students toured the Trans Allegheny Lunatic Asylum on Wednesday, October 17, 2018. Two of Mrs. Garlitz's classes learned about the history, heard background stories, and explored with the guides. Glenn Walker (11), Casey Beitzel (12), Garrett Foster (12), Hunter Evans (11), Katelynne Field (11), Caleb Hines (11), and Ethan Fike (11) stand in a protected area for guards.

2. Studying hard, David Edwards (10) and Brodey Albright (10) take notes from a PowerPoint so they can study for their chapter test in Mr. Opel's.

3. World War II seems pretty interesting. Ryan Kelly (11) works on his propaganda project for Ms. Logan's class.

4. During a review game of Jeopardy, Dale Ertwine (11) uses the opportunity to brush up on important facts in Mr. Opel's class.

5. Working hard, Kyler Hoenstine (12) focuses while studying for his upcoming chapter test in Government.

6. Focused, Levi Enlow (10) makes sure to gather all the information he can.

7. Reviewing the PowerPoint, Dominic Menear (11) concentrates as Ms. Logan reviews key points. This review, plus studying, will ensure success.

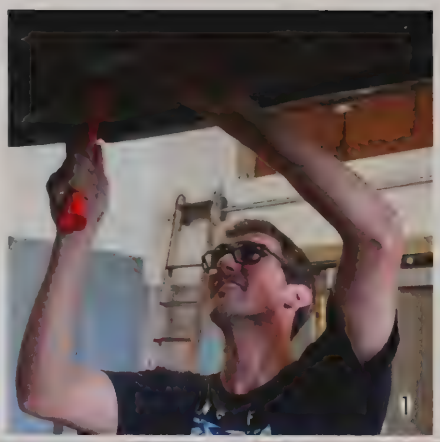
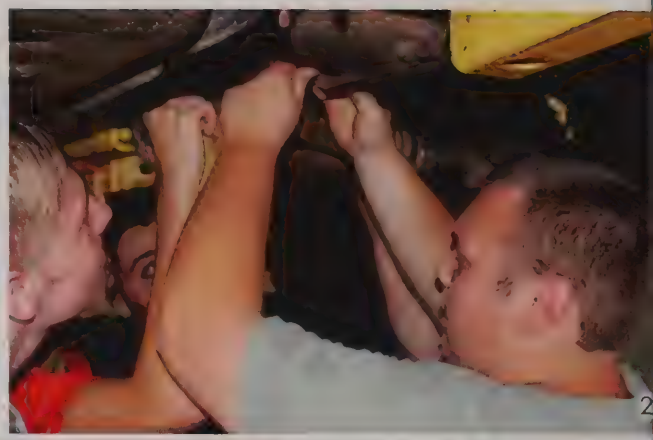
1. Working on his car, Lucas Folk (12) fixes his "boost leak" in Auto III.

2. Tightening the bolts, Logan Christner (10) works on the exhaust manifold that was assigned to him in Auto II.

3. Helping out a friend, Travis Yoder (12) welds an exhaust leak in a Subaru in Auto III.

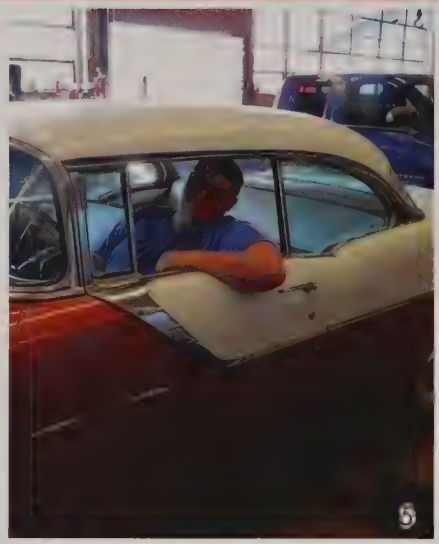




4. After finishing his assignments, Matthew Glotfelty (12) fixes the cold air intake in his 1997 GMC Sierra outside Auto III class.

5. Relaxing, Michael Garlitz (11) tries to start the Pontiac the Auto III class has been working on.

6. Popping open the hood, Auto III student Steven Troxell (12) changes the oil in a Chevy that was brought to the shop.



AUTO MECHANICS

THIS CLASS IS EXHAUSTING...

YOUR TEACHER'S THOUGHTS...

"Dear Auto class,
I wish all of you great success in what ever it is you decide to do. I hope that you have gained some knowledge that you can use the rest of your life."

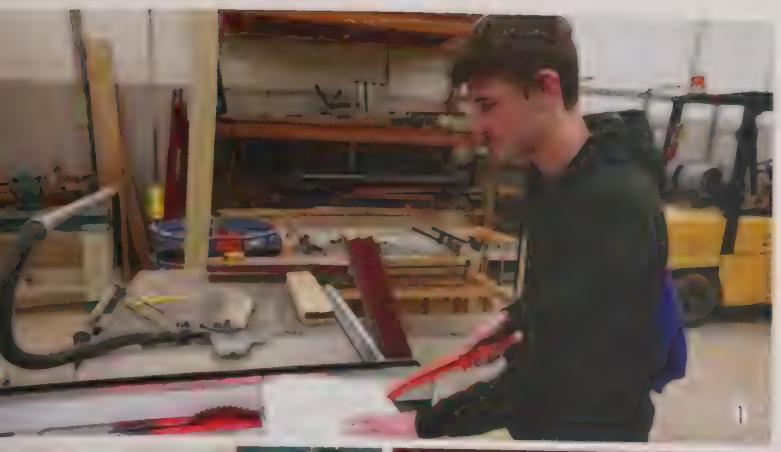
- Yours truly,
Mr. Moranduzzo

RUN DOWN...

The Automotive Maintenance and Repair Technologies program is designed to prepare students for direct job entry or to continue their education. The first class introduces basic information on safety, tools, shop manuals, electricity, Automotive Service Excellence (ASE) certification, and vehicle maintenance. The second class presents four automotive systems to the students: chassis and front end, fuel systems, automotive electrical systems, and emission control systems. The third class presents the four most complicated automotive systems to senior students: engine tune-up, engine service and repair, automotive drive train, and accessory systems. Students finish the pathway with a capstone course.

CARPENTRY

DON'T SCREW IT UP, JUST NAIL IT...



1. Pretending to cut up his school papers with the table saw, Michael Cutler (12) states "When you realize there is only twelve days of your senior year left".

2. Getting their first-term project completed, Cody Humberson (12) and Carsyn King (12) turn a wooden bed post and prepare it for stain.

3. Climbing up on the roof, Robert Bittinger (12) and Shawn Zimmerman (12) work on the roof of the train cart before the winter in Carpentry III.

4. Working on a project, Lindsay Brewer (12) cuts a piece of wood after she carefully measured it in Carpentry III.

5. Making a table for his independent project, Nicholas Opel (12) glues pieces of wood together to make table legs.

YOUR TEACHER'S THOUGHTS...

"Dear Grads of 2019,

As you take flight in life, remember all the skills you learned at Northern. It's important that the skills obtained at NHS assist you to be a responsible tax payer no matter where you choose to live in this great country. Life will take you on many great adventures and the skills you have in reading, writing, and arithmetic will help you calculate those taxes you will be paying."

- Yours truly,
Mr. Beitzel

RUN DOWN...

Carpentry offers three classes that help students gain better skills in the field. The first class emphasizes knowledge and skills related to types of construction, construction materials, hand tools, power tools, construction equipment, site conditions, and safety on the job site. The second class focuses on skills related to blueprint design and reading, leveling instruments and operation, foundation construction, and construction of framing. The third class teaches roof frame construction; energy conservation; exterior finish, interior finish, stairway construction, and concrete heavy construction. Students finish the pathway with a capstone course.

1. Patiently waiting, James Dean (12) stands by for Mr. Sisler to give him an assignment to work on in Machine Operations II.

2. Getting the job done, Blake Gordon (11) files a handle for a project that he working on in his Machine Operations II class.

3. Following directions, Ian Tice (12) looks at the dial caliper in Machine Operations II class.

4. Making a screw driver, Devin Orner (12) cuts holes in the handle he is putting together in his Machine Operations II class.

5. Helping Mr. Sisler, Michael Fazenbaker (12) fixes one of the machines in his Machine Operations II class.

6. In Machine Operations I, Mr. Sisler teaches Alex Cherry (9) proper and safe skills.

MACHINE TOOL

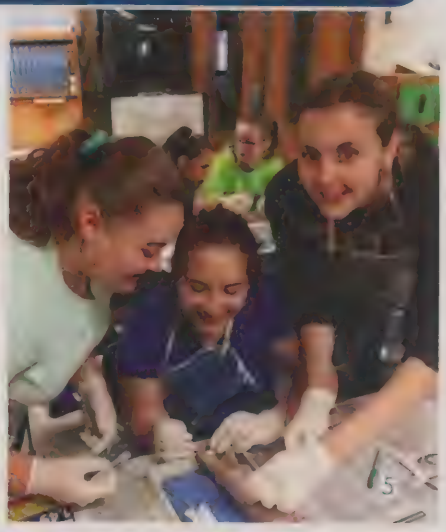
The Manufacturing Engineering Technology (NIMS) pathway has four modules. The first two are Principles of Competitive Manufacturing I and II where students learn the fundamental concepts and professional standards of the machining industry, including safety, precision measurement, milling, grinding, industry equipment as well as the vocabulary and terminology of the profession. The last two modules are Machine Operations I and II where students increase their knowledge and skills from Principles of Competitive Manufacturing by performing basic process planning, set-up, and operation of common classes of machine tools such as turning, milling, drilling, or surface grinding machines.

AGRICULTURE

WE PUT THE AG IN SWAG...

1. Amazed by the raptor, Trey Frazee (11) gets quite the experience. The guest speaker presented an array of raptors to Mrs. Yost's Principles of Ag Science - Animals and Intro to Ag, Food, Natural Resources, & Mechanics classes.
2. Wowed by the owl, Kandice Ford (10) discovers the majestic nature of the raptor.
3. Pulling together as a team, Abby Kisner (12), Luke Canan (12), Ally Kisner (12), Rileigh Lowdermilk (11), Nicholas Dewitt (10), Skyler Fratz (10), and Dakota Bittinger (12) perform a skit on ag issues at the state convention.
4. Learning more about trees, Samantha Wilt (11) and Madison Sebold (10) make Christmas wreaths in Mrs. Yost's Wildlife and Forestry Management.
5. Dissecting a pig, Shelby Shelley (11), Mercedez Snyder (11) and Cheyane Fike (11) learn the anatomy of a pig in Principles of Agricultural Science - Animals class.



YOUR TEACHER'S THOUGHTS...

"Dear fellow ag nerds and all other students enjoying my ag classes,
I hope that not only do you learn something which will be meaningful in life, but I also hope you make lasting memories from your involvement in the Agriculture program at NHS."

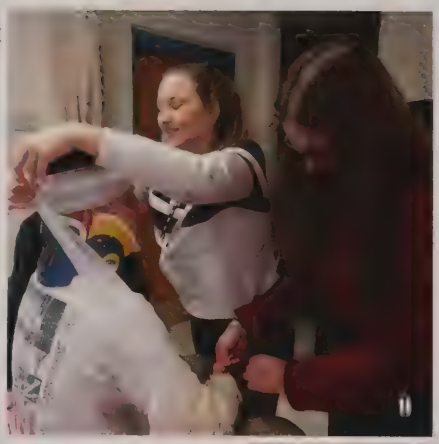
- Yours truly,
Mrs. Yost

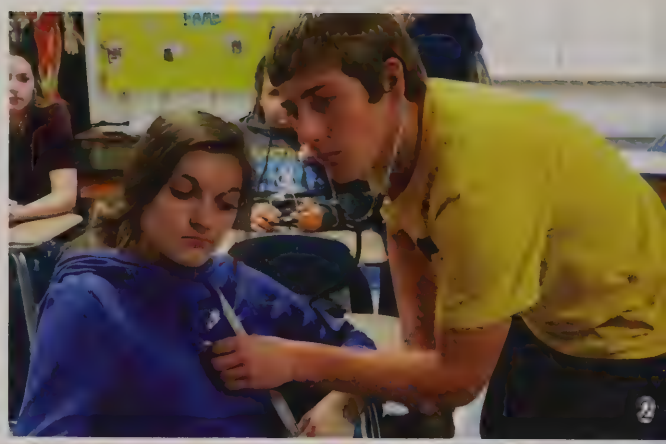
RUN DOWN...

There are five pathway options for students interested in agriculture: General Agricultural Production; Agriculture Management; Horticulture; or Natural Resource Science; or Biological Sciences. All students start with Introduction to Agriculture which provides a foundation for students interested in pursuing a career in a wide variety of agricultural professions with a general study of livestock, plant and soil science, FFA, welding, carpentry, safety, and careers. The second course that all students take is Foundations of Agribusiness. This course provides opportunities for students to develop the knowledge and skills used in agricultural services and operations. Students design and implement an agribusiness/production plan based on personal interest and industry needs. After these two courses, each pathway offers content-specific courses.

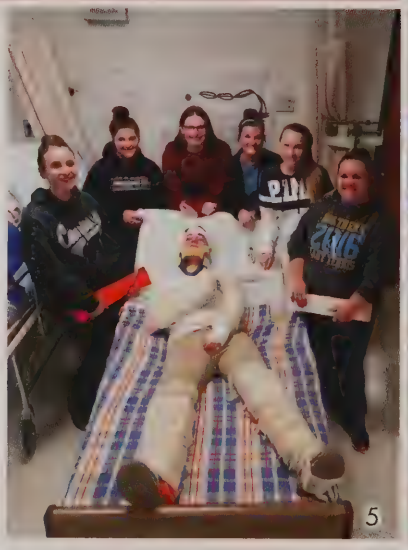
By Taylor J. Conner

1. Practicing first aid, Josie Durst (12) and Taylor Conner (12) apply dressings to Cody Eyler (12) to perfect their skills.
2. Taking some vital signs, Cody Eyler (12) assesses Britni Moore's (12) apical pulse.
3. Before starting their first day of clinicals, Mrs. Powell's senior Allied Health students capture this important part of their training at the hospital. *Front row*: Taylor Conner, Danielle McManaway, Cody Eyler *Back row*: Hailey Moore, Britni Moore, Josie Durst, Bridget Weimer, Ashley Hetz and Mrs. Powell





4. Using the new Rescue Anne, Ashley Hetz (12) practices CPR before being checked off for her skill.
5. After the students practiced applying splints to Cody Eyler (12), they gather around him to capture the moment.
6. Learning the anatomy of an eye, Hailey Moore (12) dissects a cow eyeball.



ALLIED HEALTH

BED, BATH, AND WAY BEYOND...

YOUR TEACHER'S THOUGHTS...

"Dear Students,
Always be kind, stand up for yourself, follow your passions and have big dreams for the future. It's in your hands to make a difference. "

Allied Health is a class that offers information and the use of scientific skills related to jobs and careers in the health field. A major component of the training for this program is clinical internships at Goodwill Nursing Home and Garrett Memorial Hospital. There is a test offered for all students to become a Maryland Certified Nursing Assistant. This qualifies students for an entry level position in Maryland. Many students will also go to college to continue their education.

BIOMED

THIS CLASS IS HUMERUS...

1. Mr. Price's Biomedical class plans out their lab to figure out the cause of death of their victim.

2. Learning about the skeletal system, Jacob Frazee (10) measures a femur bone in a lab for Human Body Systems.

3. Putting more work into his PowerPoint, Jonathan Ross (9) works on his science fair project.

4. Dissecting a cow eye, Emily Ness (11) learns the anatomy of an eye in Human Body Systems.

5. Examining a skull, Jacob Glotfelty (10) and Logan Mock (10) learn how to determine race in Human Body Systems.

YOUR TEACHERS' THOUGHTS...

"Dear future medical professionals,
I am impressed with any student who chooses to complete the challenging biomedical science pathway. I believe each of you will be successful in your future careers, whether you end up in the medical field or elsewhere. Because of your effort and enthusiasm in class, I am inspired to strive to improve myself. Thank you for making my job so fun and rewarding!"

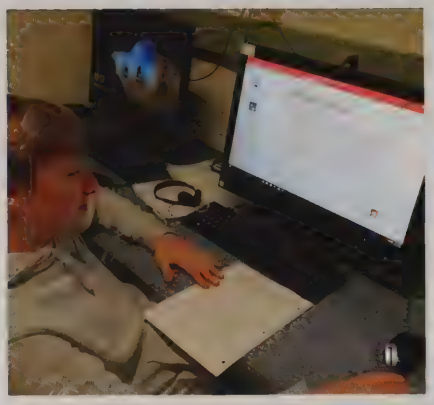
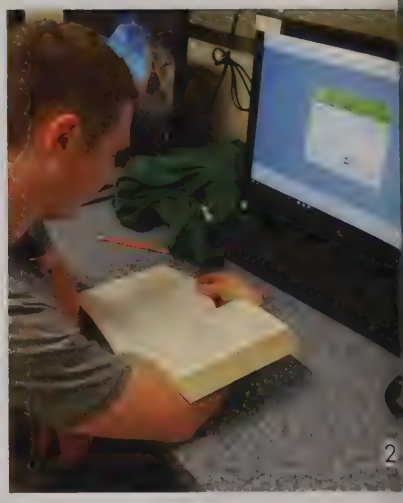
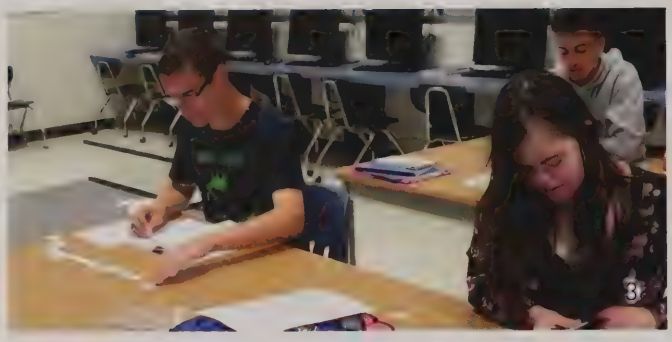
Biomedical is a four credit pathway. Students typically complete one course each year. The first class explores concepts of biology and medicine to determine factors that led to the death of a fictional person. In the second class students examine the interactions of human body systems as they explore identity, power, movement, protection, and homeostasis. The third class follows the life of a fictitious family as they investigate how to prevent, diagnose, and treat disease. When students reach the fourth class they build on the knowledge and skills gained from previous courses to design innovative solutions for the most pressing health challenges of the 21st century, and do an independent capstone project. When students complete these four classes they are awarded a white coat during a ceremony.

COMPUTER SCIENCE

HARD DRIVE TO SUCCESS







1. Learning new material, Caleb Frazee (10) writes down notes from the PowerPoint in Web Design class.

2. Waiting for his page to load, Samuel Snyder (11) looks over the directions for the next assignment in Web Design.

3. Engaged in a hands-on activity, Joshua Gish (9), Abigail Hamilton (10), and Hector Maisonet Perez (11), simulate how computers sort data in Foundations of Computer Science.

1. Working on her payroll assignment, Alexis Sines (10) appears to be enjoying her accounting class.
2. Getting ready for the test, Jade Gish (11) studies the material that she learned.
3. Listening to Mr. Willaman, Kassidy Andris (11) makes mental notes of key points to help on her assignments.

Students completing the Computer Science pathway will take courses that foster problem-solving skills, explore computing tools, analyze data, enhance programming techniques, learn about abstractions, algorithms, the Internet, and cyber security. The courses are fun, interactive, and challenging and provide a solid foundation for post-secondary education.

YOUR TEACHERS' THOUGHTS...

"Dear Computer Science students,
I hope you leave the CS classes with better problem-solving skills, using computing tools to better your world, core programming techniques, and feeling prepared to take the next step in life."

- Yours truly,
Mrs. Walker

"Dear students,
After you finish the business pathway I hope you leave NHS prepared for entry-level employment or have the foundation of knowledge to continue your education beyond high school. I hope you acquire those skills which enable you to earn a livelihood in a chosen field, manage family or personal finances, become an intelligent consumer of goods, and be a responsible, contributing member of the community."

- Yours truly,
Mr. Willaman

Students interested in business can pursue one of four pathways: Business Administrative Services, Business Management, Finance and Accounting, or Marketing. These pathways prepare students to continue their education or go into the work force. If students want be an entreprenuer, work in a financial field, or explore business career options, check out these pathways!

PLTW ENGINEERING

FUTURE INVENTORS

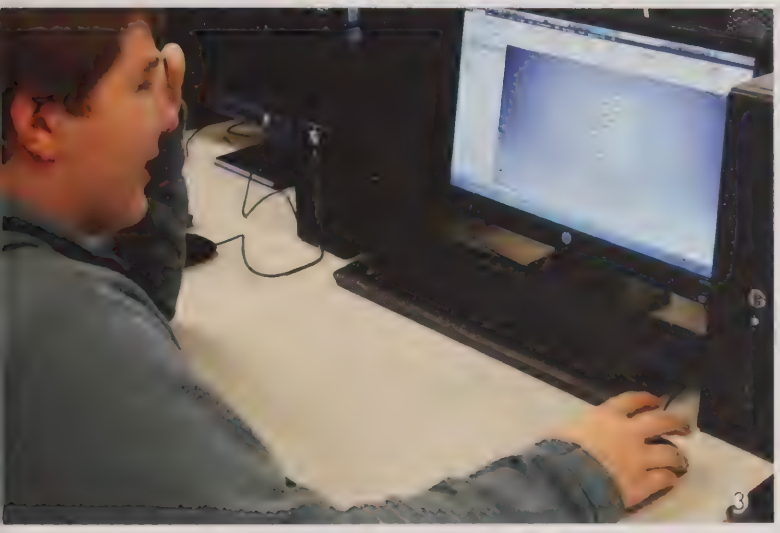
1. Copying down notes, Mr. Kirchner's class learns how to draw their three dimensional drawings in IED PLTW.

2. Getting their work done, Carder Stakem (10) and Jeffrey Eyler (9) work on the assignment that they were given.

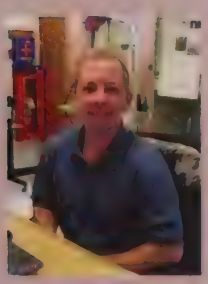
3. After sketching out his three dimensional drawings, Christopher Glotfelty (9) makes his design on Inventor in IED PLTW.

4. After taking notes, Tahnka Tillson (10) draws out her three dimensional drawings in her IED PLTW class.

5. Perfecting his work before the semester ends, Taylor Kelly (10) finishes up his computer project in his Principles of Engineering class.



YOUR TEACHER'S THOUGHTS...



"Dear students,
I hope all of you take something in my class and use it in your life. I know all of the things I teach you in class are the most interesting topics you all want to learn about. 'Serially.'"

- Yours truly,
Mr. Kirchner

Relay For Life-Farmers for a Cure Team

Relay For Life-Girls' Varsity Team

Highlights:
2019 Goal - $75,000
Guest Speaker: Dr. Richard Goldberg, Director WVU Cancer Institute Mary Babb Randolph Cancer Center
Opening Ceremony
Event kick off honors everyone who's been affected by cancer and everyone who has contributed to the success of this year's Relay season.
Survivor/Caregiver Walk
Survivors and caregivers are the heart and soul of Relay For Life events. It doesn't matter if the diagnosis was 10 days ago or 10 years ago, everyone gathers together to cheer on the survivors and caregivers and honor their strength and courage.
Luminaria Ceremony
During this ceremony everyone touched by cancer is represented with a luminaria. Each light represents a life - a life taken by cancer, a survivor of cancer, or a support for a person still fighting the disease. It is an opportunity to grieve but also offers comfort and hope.
Closing Ceremony
This is the time to commit to take action and help lead the fight for a cancer-free world.

1. Participants engage in a variety of activities.
2. Logan Mason (10) continues raising funds for Farmers for a Cure Team.
3. Supporters pack the Heritage Hall for this annual event.
4. Mrs. Dom and her husband prepare for the Survivor Walk.
5. Farmers for a Cure Team members ***Front:*** Ally Kisner (12), Samantha Wilt (11), Nicole Pysell, Logan Mason (10) ***Back:*** Doreen Kisner, Nicholas Ahern, Joyce Rodeheaver, Kista Wilt, Mrs. Ahern

BOYS' SOCCER

JUST KICKIN' IT

The boys' soccer team started their season with a win over Keyser. The team had an overall great season and were able to play two games in the playoffs. The team won a total of eight games this season, recording wins over Keyser, Southern, Calvary, Hampshire, Fort Hill, Mountain Ridge and Allegany twice. The team ended their season with a loss in the playoffs against Mountain Ridge with a score of 0-2. A highlight of the season was when the team earned the AMAC championship! Next year's team will greatly miss this year's nine seniors. After a memorable and successful season and 18 seasons of coaching, Coach Lais will be retiring and his leadership greatly missed as well.

COACH'S CORNER:

"Dear team,

Always remember to prepare to compete to the best of your ability no matter the odds, no matter what you are doing. When you leave the competition, or job, or whatever, know that you have done the best you could do in that moment. Find contentment in that knowledge. Enjoy the competition, it is a gift to participate. Practice makes permanent, perfect practice makes perfect. Finish well."

- Yours truly,
Coach Lynn Lais

Stefan Batocanin (12)

YOUR CAPTAINS

"Dear teammates,
Don't take any moment for granted during soccer even if it's a cold rainy practice. Appreciate every bit of the game you get."

-Yours truly,

GIRLS' SOCCER

GO AFTER YOUR GOALS...

The girls' soccer team started their season with a win to Fort Hill. Despite their losses, "they held their heads high", according to Sophie Lewis (10). The team won a total of five games this season, recording wins over Keyser, Petersburg, Frankfort, and county rival Southern. The team ended their season with a loss in the playoffs against Southern with a score of 1-2. Since there were not enough players to make varsity and junior varsity, the younger players had an opportunity to learn from the older players. Next year's team will greatly miss this year's six seniors.

VOLLEYBALL

KILLING IT ON THE COURT!

This year's Varsity team had an impressive season. The girls went 12-6, winning their first-ever Sectional Championship title! Unfortunately they lost the battle against Clear Spring in the playoffs and were bumped out of the running for a regional title but put up a tough fight. JV also had a fantastic year, with an 11-4 season! When asked how she felt the season went, AMAC Coach of the Year Jamie Bailey said "Both teams had very successful seasons. Not only did we end with a lot of wins, all the girls developed a stronger skill set. Our Varsity had a great balance this year and absolutely were the definition of what a team should be. Their strong bond on the court lead the team to regionals, which Northern has not done in a long time. I hope that the younger girls will continue with the strong sense of team dedication."

UNIFIED BOCCE

TEAMS UNITED

Although winning competitions is great, unified bocce is not about the competition; it is about the friendships made through the season. The purpose of unified sports is to help special needs students be included in sports and in the school community.

In addition, it builds relationships among students regardless of teams and schools. According to Zachary Miller (12), "Unified Bocce is the opportunity to play a sport, be part of a team and make new friends. It's about people caring and helping."

BOYS' BASKETBALL

DRIBBLE, PASS, AND SHOOT

The boys' basketball team started the season as underdogs but quickly proved to be serious contenders. According to Coach Opel they were "counted out of any discussion that involves many games" but ended the season with a 16-8 record, making it the sixth best year in Northern's school history. This year's team was the first team that finished with 16 wins since 1993-94 giving them the first winning record since 2005-2006. The JV team was led by two sophomores, Mason Brenneman and Isaac Bittinger. They were challenged by low numbers but steadily improved over the season. The freshman got quality playing time and experience which will provide success next season. They finished with a big win over Fort Hill in the final game of the Mountain Ridge JV tournament.

Coach's Corner:

"Dear Team,
I'm going to be honest with you, and I hope you can be honest with yourselves. Most of you will not go on to play college basketball, but a good number of our opponents will have the opportunity to do so. That being said, most people have already counted Northern out of any discussion that involves winning many games, or vying for a region championship. The only people who truly believe that we have a legitimate chance of achieving these goals are those of us on this team. With hard work and dedication, great things can be accomplished. Work hard everyday in practice, play hard every game, give 100%, and show these other teams that even though they might be bigger than us, or have more natural talent than us, that they will be in a fight for 32 minutes, and the team with the bigger heart and the bigger fight will win!"

- Yours truly,
Coach Ronald Opel

Girls' Basketball

This year was a learning year for the Junior Varsity team. There were only a couple of girls with basketball experience. So with this being said, there were lots of growing pains. But as the season went on, the girls got better and better. For Varsity, starting this season with a new coach meant there would be lots to learn. So the season started tough, but as the season went on, the teamwork got better and we were able to beat teams like Fort Hill. We had a great group of girls that worked well together and proved that with their great defense. - Yours truly, Coach Miller

WRESTLING

PINNING TO PERFECTION

Wrestling is one of the most rigorous sports known to man. It takes both mental and physical toughness and the will to embrace any challenge. The one thing that differentiates wrestling from some sports is that while it is a team sport, it is also an individual sport. Each match's outcome impacts the entire team. This season, the Husky grapplers finished their dual meet season with a record of 7-6. The team was very young, as it consisted of only three seniors. They overcame a lot of adversity as they lacked experience, but they never lacked heart. The Huskies definitely had a rough season, but all in all, it was successful. With the guidance of coaches Casey Kamp and Bob Moranduzzo, the Husky wrestlers had a season to remember as Hunter Wilhelm finished third at the Maryland state tournament, ending the season on a positive note.

Coaches' Corner:

"Dear seniors,
It's been an honor to coach each and every one of you. Take everything you've learned from wrestling and apply it to your everyday lives. It's been a pleasure being your coach."
-Yours truly, Coach Kamp

"I thank all the seniors for all the years of hard work that they put into the wrestling program. I also want to wish them continued success in whatever they choose to do."

-Yours truly, Coach Duzzo

YOUR CAPTAINS

"I would like to thank Coach Kamp and Coach Moranduzzo for teaching me everything they know about wrestling and teaching me about life."

Yours truly,
Samuel Beeman

"Dear Coach Kamp,
Thank you for constantly pushing me and not giving up on me even when I didn't make weight. You've not only made me a better wrestler, but you've made me a better man and prepared me for life ahead."

Yours truly,
Micah Rollan

"I want to thank Duzzo for making wrestling interesting and would also like to thank Coach Kamp for believing in me."

Yours truly,
Nicholas Opel

BASEBALL

9 STRONG

The varsity and JV Husky baseball teams finished with tremendous regular season records. The varsity team finished 18-3, and JV finished undefeated with a record of 14-0. Both teams highlighted their seasons by sweeping the regular season series against their cross-county rival Southern Rams. The varsity team made a miraculous playoff push, defeating both Fort Hill and Southern before unfortunately falling to Boonsboro by a score of 11-8. Although they came up short of their goal of a state championship, the Huskies undeniably had a season to be extremely proud of.

SOFTBALL

4 BASES, 3 STRIKES, 2 TEAMS, 1 WINNER

The varsity team concluded their season with a 13-7 record. Coach Houser's advice to next year's players is "...if something is truly important to you then you won't mind putting the work in to get better. If you aren't willing to put in extra effort, then you need to find an activity you are willing to work at...be it sports or other activities. If you want to be a better softball player, then work in the off season." The talents of the five seniors will be missed next year!

Coach's Corner:

"My advice for players graduating would be, if there is something you want to do, give it a try. Don't let the fear of failing or not liking it determine the things you do in life. If you try it and don't like it, you can move on to the next adventure but at least you gave it a shot with no regrets."

Yours truly,
Coach Houser

Dear Future Players,
"My advice would be to practice every practice and play every game like it is your last because one day it will be and you'll miss it."
Yours truly,
Mikayla Wilt (12)

Dear Future Players,
Play every game like it is your last because you never know the last time you'll get to play. Cherish all the memories you make with the team because these memories will stick with you."
Yours truly,
Cassidy Uphold (12)

Dear Future Players,
"Never be afraid to make a mistake. Mistakes are the only way to learn. Always ask questions when you are confused. Do not be afraid to stand out and be yourself. Finally, if you have a chance to play at the next level take it because you do not want to regret not playing later on in life."
Yours truly,
McKenna Houser (12)

Dear Future Players,
Cherish every single second of playing a sport you love because one day the crazy bus rides, funny conversations, and the butterflies you get in your stomach before playing a game will all just be a memory."
Yours truly,
Kyliana Sisler (12)

Dear Future Players,
"Enjoy every moment of every practice and every game. One day you will step out onto your home field for the last time and wish you had more time. Be more than a team, be a family and work toward a common goal. Cry a little and laugh a lot because it's over in the blink of an eye."
Yours truly,
Emma Broadwater (12)

Boys' Tennis

"This year was a challenging year for the boys' tennis team. They had to adjust to a new coach with different ideas and expectations. Midway through the season our record was 3 wins and 3 losses; we were off to a great start. We then had success at AMAC with our first doubles, Anthony Paul and Ryan Harvey, advancing to the semifinals. Then we lost against Bishop Walsh, who went on to win the championship. We then left a match against Keyser slip away from us that we should have won. Then we hit the toughest part of our schedule which left us with no more team wins. We finished the season with 3 wins and 8 losses. For regionals, we sent Austin Brown at singles, Anthony Paul and Blake Gordon at doubles and Jason Sines at mixed doubles. Anthony and Blake beat Southern in a tie-breaker to advance but played the #1 seeded Boonsboro and lost. The boys played hard all season, even against extremely tough opponents, which made me proud as a Coach. The returning boys have a lot of talent and next year should be a great season." - Coach Bryan Paul

Girls' Tennis

Following her passion for tennis, senior Madison Toothman plans to continue her tennis career at Frostburg State University. Going in to regionals, Madison was officially ranked the #3 girls singles player out of the entire 1A West Region according to the MD Regional High School Tennis Committee.

"Although we didn't have a winning season as a team, the girls fought hard and had a lot of fun. Our athletes grew as players and young ladies and I was proud to be a part of this team. We are losing four great seniors who really stepped up and led our team. I wish them luck in all they do." ~ Jamie Bailey

TRACK & FIELD

RUN, JUMP, REACH FOR THE SKY

The Track and Field team began the season, yet again, in the cold of Garrett County's late winter days. The team was well balanced with the experience of upperclassmen and the youth of underclassmen. The team started the season with a victory at Clear Spring. Later, the team defeated Preston, a triple-A school. They fought at the Harry Green Inv. and defeated our county rival. Unfortunately, at the Tri-State Inv. the team took losses against Brunswick and double-A Pennsylvania schools but managed to defeat the girls' team of 3A North Hagerstown. At the Northern Bedford Inv., they represented the only Maryland school among the larger double-A Pennsylvania schools. At AMAC, the team took a damaging loss against familiar competitors including our county rival but continued to fight through the season determined to get to the State Championship. In the Regional Championship, many team members made new personal records. At the State Championships, the team was ranked within the top 66% and defeated Southern Garrett and Allegany in boys' and girls'. Overall, the team fought and made their goal into States and ended the season with great improvement, especially on the individual level.

Coach Hawkins

Coaches' Corner:

"This year we lose a dynamic core group of senior athletes. This group has been very successful and were fundamental in bringing long-term prosperity to the track and field program. They will surely be missed, but over the years they have passed on many lessons to our younger athletes. That is the kind of legacy we are looking for our seniors to leave behind. It's not awards and championships, it's kindness and compassion for one another. I wish them the best of luck as many of them will be competing at the collegiate level."

Northern High School provides a wide variety of opportunities for students to explore and experiment with different programs that will allow students to grow and learn new things. These programs also allow students to venture outside of their comfort zone and to meet new people. Many friendships are molded from these programs and the students leave with a set of skills that will last them a lifetime.

The students appreciate the time and hard work that the staff and outside agencies put in to making these opportunities possible.

6. After Prom Chaperones, businesses, and organizations make After Prom possible.

Ford donated $3,670 for the Drive 4UR School held in September. Thank you Diehl's Ford for sponsoring the event! Mr. Hummel, Mrs. Umbel (school event coordinator), Vivian Diehl, Mr. Carr, and Mr. Maddy are shown graciously accepting this contribution.

Oakland, MD Walmart donated $1,000 through the Local Community Grants Program to assist with the restoration of the school's wetland. The funds allowed students and volunteers to remove invasive plant species and replace them with native plants, install an informational sign, and begin the construction of a walkway and viewing platform. Biology and carpentry students assisted with this project. Shown above are Mrs. Kenyon-Sisler, her AP biology class, and Mountain Laurel Garden Club members who collaborated to add biodiversity to the wetland.

Generous Donation
The Salisbury VFW Post #8826 donated $1,000 each to NGHS's Band and NGHS's Athletic Department. Mr. Salisbury, Band Director; Mr. Bob Layton, Quarter Master (VFW); and Mr. Carr, Athletic Director

10. New Music Department Trailer Thank you to Guy Wayne Hardesty of Hardesty's True Value & Trailer Sales for assisting in the selection and purchase of the trailer. Kerry Murray-Ballon did the graphic design and Murray Signs completed the work.
11. Band Benefits from Donation Cynthia Downton, President of the GCPS-Teets Foundation, presents a check for $14,157 from the Community Trust Foundation (CTF) to Emily Ness, Drum Major. Funding was made possible through the Naylor Family Trust Fund and used to purchase a new trailer.

Your community provides support to your school in a variety of ways. No matter the donation, we are grateful for the assistance both in and out of the classroom. We appreciate the guest speakers who share their time and knowledge with students and staff.

In January, the staff, Mr. Maddy, and the Bocce Team donated $250 to Autism Speaks.

Over 100 students and staff raised funds for the Unified Sports programs by participating in the first Cool Schools Dunk.

Northern's staff Social Committee planned and organized a successful talent show, allowing staff and students to share their many talents with the school. Thank you to **Garrett 8 Cinemas** for donating popcorn for this event as well as for the PBIS field day.

Thank you to **Samantha Funding the Arts** for funding theatre's field trips this year with their donation of $2,125. Mr. Paxton's art classes were also able to go to Carnegie Museum of Art with grant from **Samantha Funding the Arts**.

Over 150 different community members, organizations and businesses also donated to your annual After Prom.

215 copies of Volume 67 of the North Star Yearbook were printed by Jostens at a student cost of $65 per book. Sales representative Fred Reeping was vital in the publication of this year's book. Professional photographs were taken by Lifetouch. The staff also thanks Lifetouch sales representative Wyatt Griffin for his assistance. The assistance that Mrs. Ahern, Mrs. Dom, and Mrs. Fleming provided is also greatly appreciated.

A special thanks goes out to Lindsay Mulliken for the use of her photographs as well. The staff is also grateful to Sandy Derato, Justin Derato (By Accident Photography), Jessica Morris, Mr. Brian Price, Sherry White, Jade Lewis and others who submitted photos for the use in this publication.

In an effort to reduce the student price for a yearbook, we rely on **your** community. Thank you to the local businesses that offered discounts for our annual discount card fundraiser: Archie's Barbecue, Bear Creek Traders, BFS Keysers Ridge Truck Stop and Bruceton Mills Little Sandy's, The Casselman Inn, The Cornucopia Cafe, The Green Turtle, IHOP Grantsville, Ledo Pizza, Moonshadow, Perkins, Mountain State Brewing Co., Schoolhouse Earth, and Smiley's.

Without the students, parents, coaches, teachers, staff, administration, and community this yearbook would not be possible. We sincerely appreciate your assistance with fundraising, pictures, information, scores, and advertisements. Your support in creating this book, this publication...this history book, reference book, fun book, picture book...is essential. We hope you look back on these high school memories for years to come.

While every effort was made to ensure the accuracy of the information in this student publication, please understand that you may find some unintentional errors. We regret any mistakes you may find and appreciate your understanding.

Yours truly,

The NHS 2018-2019 Yearbook Staff
